UB Student Association to Publish Senate and Assembly Minutes on SA Website

One of the major initiatives of the Student Association Executive Board was to publish the minutes from the SA Assembly and Senate on the SA website in an effort to increase transparency between the Student Association and the students we represent. Once minutes have been approved by the respective body, they will be posted on the SA website so that any student can access them. “It is important to allow the opportunity for our students to see what our legislative bodies are voting on in order to hold them accountable” said SA President Gunnar Haberl.

The SA Senate and Assembly serve important functions for undergraduate students here at UB. They advocate on behalf of our students and aid in the oversight and creation of the SA budget. Vice President Anyssa Evelyn hopes that by posting the minutes of on the SA website will “give the SA Senate and Assembly more exposure so that more students will be informed and interested in the work that the Senate and Assembly are involved in and get involved themselves”.

“Our priority has always been to inform students about what their representatives are working on and we plan to continue this throughout our time in office” said Treasurer Tanahiry Escamilla.

Be sure to follow the Student Association on social media @ub_sa or check out the SA website at sa.buffalo.edu to get the most up to date information.

###
About the University at Buffalo Undergraduate Student Association

SA is your undergraduate student government. SA exists to make the undergraduate student experience everything that it can be, and more. SA represents undergraduate students before the University at Buffalo administration, and continuously advocates in the best interest of all undergraduate students. SA provides a wide range of services, oversees an ever growing roster of clubs and organizations, and put on memorable events throughout the year.

The University at Buffalo’s Student Association is unique amongst SUNY schools in that it is entirely student run. SA is funded through the Mandatory Student Activity Fee and is ultimately overseen by the elected Executive Officers, the SA Senate, and the SA Assembly. The Student Association is a student government of the students, by the students, and for the students.
