Undergraduate Student Association calls on University to make Syllabi Statements Mandatory

The Student Association Executive Board is pleased to partner with Dr. Ann Bisantz, Dean of Undergraduate Education, Krista Hanypsiak, Assistant Vice Provost of Undergraduate Education, Sharon Nolan-Weiss, Director of Equity, Diversity and Inclusion, and Sharon Mitchell, Director of Counseling, Health and Wellness to announce that with this fall semester student syllabi should contain the necessary information concerning the resources that are available for students in regards to Mental Wellness and Sexual Violence.

SA President Gunnar Haberl believes that “it is critical that students have access to information about these vital resources that are available to them at UB”

The Executive Board realizes that it can be difficult to navigate the University at Buffalo’s website for vital resources, especially when they are needed the most. By having statements and resources on mental wellness and sexual violence available for students on their syllabi makes it much easier for students in need to get to the necessary resources in order to get help. “By having these resources available to students on their syllabi it is a step in the right direction and I hope that the University will continue to make access to these resources easier” said SA Vice President Anyssa Evelyn.

“I truly hope that the University sees the importance of incorporating these statements and resources into the student syllabi” said SA Treasurer Tanahiry Escamilla.
