UB Student Association Announces Student Union Zero Tech Fee

When a student club or organization reserves a room in the Student Union, and need to use technology for their event, they are charged a technology fee for that equipment. The Student Association is pleased to announce that, in conjunction with the offices of Student Life and Student Unions, there will no longer be a technology fee for student clubs that reserve a room in the Student Union. The Student Association is pleased that the University has taken a second look at the Technology fee in the Student Union easing the burden for students and student organizations. “Coming from a club, I understand the frustrations of the technology fee in the Union. By eliminating the fee, it will be easier and more accessible for the smaller clubs we represent to reserve space” said SA Vice President Anyssa Evelyn.

“The Student Union must be a place that is welcoming and accessible to all students. By creating a zero fee policy, we have removed the financial burden on students to utilize student spaces in the union” said SA President Gunnar Haberl.

About the University at Buffalo Undergraduate Student Association

We are your undergraduate student government. We exist to make your undergraduate student experience everything that it can be. We represent you before the university administration, continuously advocating for your best interests. We also provide a wide range of services,
oversee an ever growing roster of clubs and organizations and put on memorable events all year long.

The University at Buffalo Student Association is unique amongst SUNY schools in that we are entirely student run. SA is funded through student fees and ultimately overseen by our executive officers, the SA Senate and SA Student Assembly all of which are comprised entirely of undergraduate students. We are your Student Association.
