UB Student Association Announces Wilderness First Aid and Leadership Training

For the first time in history, SA will be sponsoring 20 undergraduate students to attend a weekend Wilderness First Aid, CPR, and Leadership training at Camp Wyomoco to learn vital skills that can be used in some of the most dire situations. This event will be taking place from Saturday, September 15th to Sunday, September 16th. With the implementation of this program, the Student Association is able to expand its partnership with UB Outdoor Pursuits Director, Russ Crispell as well as build new partnerships with the leadership of Camp Wyomoco. It is important to provide students with the opportunity to enhance their outdoor recreational experiences here at UB.

“As members of the E- Board, we are constantly listening to students about programming that they would like to see. This training was something that many students asked us about and we listened. We are hoping to see a large turnout and potentially increase this in the future so more students can benefit from these trainings” said Treasurer Tanahiry Escamilla.

Vice President Anyssa Evelyn said “I hope that, in the future, this program can be expanded to include our clubs”.

“In addition to the Student Association working to expand our experiential learning programs, we are also urging University Administration to keep recreation and experiential learning as a top priority here at the University” said SA President Gunnar Haberl.
Be sure to follow the Student Association on social media @ub_sa or check out the SA website at sa.buffalo.edu to get the most up to date information.

About the University at Buffalo Undergraduate Student Association

SA is your undergraduate student government. SA exists to make the undergraduate student experience everything that it can be, and more. SA represents undergraduate students before the University at Buffalo administration, and continuously advocates in the best interest of all undergraduate students. SA provides a wide range of services, oversees an ever growing roster of clubs and organizations, and put on memorable events throughout the year.

The University at Buffalo’s Student Association is unique amongst SUNY schools in that it is entirely student run. SA is funded through the Mandatory Student Activity Fee and is ultimately overseen by the elected Executive Officers, the SA Senate, and the SA Assembly. The Student Association is a student government of the students, by the students, and for the students.
